Citizens Advice Help to Claim Service

Background

Universal Credit (UC) is the fastest growing advice issue for the Citizens Advice service and local Citizens Advice (LCA) offices across the country. Over the past few years we've worked together as a service to urge government to fix the problems people are having with UC. We've achieved some important changes for our clients:

- making the phonenumber free
- reducing the time people are waiting for their first payment
- securing funding to support people making a claim for Universal Credit

Evidence from Citizens Advice and other organisations shows that people, especially the most vulnerable, need nationwide, consistent access to the best possible support to make their Universal Credit claim and get the right payments.

In October 2018, the Secretary of State for Work and Pensions announced a new end-to-end help to claim service delivered by Citizens Advice and Citizens Advice Scotland providing nationally consistent and high-quality local support for UC claimants. This new service, Universal Support – Help to Claim, has been delivered by local Citizens Advice offices like Citizens Advice Nottingham & District since early 2019.

How the service works

There are 2 main parts to the service:

Part 1 offers people support to submit their initial claim. This part of the service is designed to reduce the wait time.

Part 2 offers people support to complete their full claim and be ready to receive their first payment. We help people to submit all the evidence needed to receive their payment and be ready to manage it when it arrives.

The service is available online and over the phone. We assess each client's circumstances and level of need and adapt our support accordingly to make sure people get the help they need in the way they want to receive it.

Preserving our impartiality

Impartiality is a cornerstone of Citizens Advice. We continue to speak up on UC as we do on all the issues that matter most to our clients. We aim to ensure that the process of moving people from legacy benefits to UC through managed migration works for our clients, including the most vulnerable. Delivering the Help to Claim service gives us greater insight into how UC is working and increase the opportunities to raise our evidence with the government and to press for necessary change.

How the Citizens Advice service works

The Citizens Advice service is made up of Citizens Advice - the national charity - and a network of around 300 LCA members.

The national charity includes:

- 800 national staff working in one of 6 offices (or as homeworkers), or as part of the Witness Service from over 240 courts across England and Wales
- 3,000 Witness Service volunteers

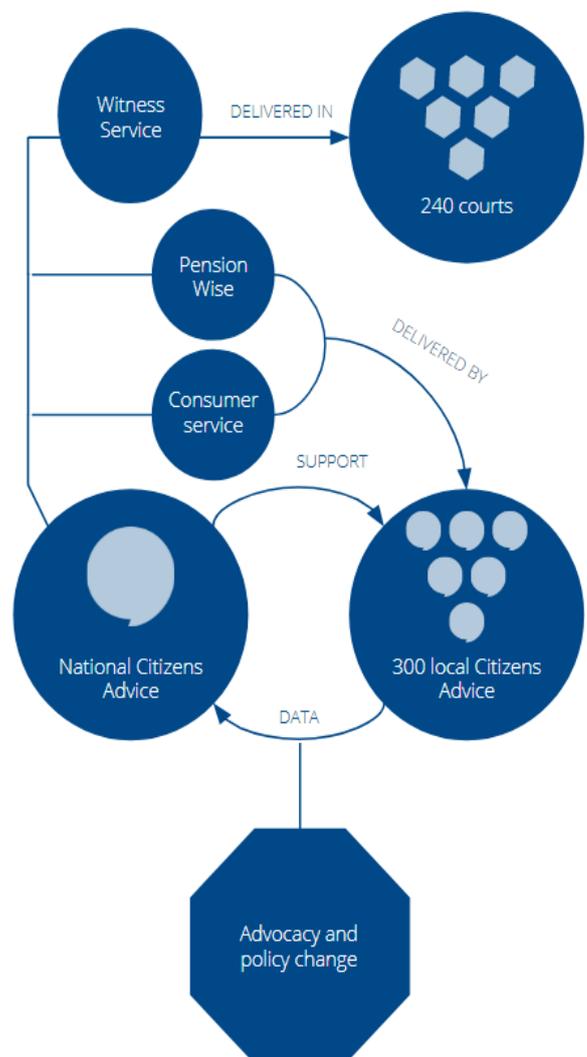

The local network members are all independent charities, delivering services from:

- over 600 local Citizens Advice outlets
- over 1,800 community centres, GPs' surgeries and prisons

They do this with:

- 6,500 local staff
- over 23,000 trained volunteers

Our reach means 99% of people in England and Wales can access a local Citizens Advice within a 30 minute drive of where they live.
